## Rural Partnership Plus

Supporting, developing and representing voluntary and community sector organisations in the rural areas of the Humber sub region

**Do you work with a voluntary or community group based in the rural areas of the East Riding of Yorkshire, North and North East Lincolnshire?**

**Rural Partnership Plus is here to support you.**

## Rural Partnership Plus

Supporting, developing and representing voluntary and community sector organisations in the rural areas of the Humber sub region

- **Access to specialist support**
- **A voice for rural organisations and groups**
- **Influencing change**

Humber & Wolds Rural Community Council

LOTTERY FUNDED

# Rural Partnership Plus is here to help!

## We are here to help!

Rural Partnership Plus is a Big Lottery Funded project that aims to ensure that voluntary and community sector organisations and groups:

- Have increased access to specialist support that will enable them to develop and become more sustainable
- Have their priorities, needs and concerns reflected in rural policy and strategy development.

### We work in the rural areas of:

- East Riding of Yorkshire
- North Lincolnshire
- North East Lincolnshire

### We work in partnership

This is one of a number of Building and Sustaining Infrastructure Services (BASIS) projects operating in the Humber sub region funded by the Big Lottery. BASIS projects have been introduced to ensure the voluntary sector organisations in the rural areas of the region have access to high quality support to help them be more effective.

## Do you need specialist support that will help develop and sustain your organisation or group?

### Rural Partnership Plus can:

- Work with you to identify the needs and priorities of your voluntary and community organisation
- Provide a tailored support service for your organisation
- Link your organisation to specialist services by referral to other support and information providers.

## Do you want your concerns and needs to be heard?

### Rural Partnership Plus can:

- Ensure your voice is heard
- Link you into local and regional voluntary and community networks to provide you with increased representation
- Help you influence change in the development of policy and strategy affecting the sector.

### We work with a comprehensive network that:

- Brings together the full range of voluntary and community sector organisations that have an interest in rural issues
- Provides increased representation and highlights the needs of these groups
- Ensures that the needs of voluntary and community organisations are reflected in local and regional policies and strategies.
