

Want to get the best deal on the market for your heating oil?

How?

North Lincolnshire Council are working in partnership with Humber and Wolds Rural Community Council to make sure you get the best deal on the market.

Why?

Rising energy bills are affecting the lives of many people. North Lincolnshire Council is committed to bringing down energy bills for everyone which is why it's introducing this scheme for North Lincolnshire residents, businesses and community buildings.

How does it work?

NLCSwitch works by bulk buying heating oil. Residents, community buildings and businesses pay a small, annual fee which covers the scheme administration costs and are then contacted monthly for orders. The supplier offering the best deal on the day wins the order and members pay the supplier directly, prior to delivery.
